

# Cedar Farm

Dear <<First Name>>,

We've well and truly been thrown into Autumn with this crazy wet weather and the darker evenings. But it's not all bad - we're quite enjoying being in hibernation mode and spending the nights on the sofa with blankets and cups of tea. Did you know that the Great Pottery Throw Down has been commissioned by Channel 4 and will return to our TV screens in early 2019? We can't wait to watch!

## SAVE THE DATE

The more organised among you have been asking when our annual Christmas Shopping Evenings will be this year. We're delighted to announce that the Cedar Farm Christmas Elves are working hard behind the scenes, planning lots of festive fun for the following dates:

**Christmas Launch Night** : Wednesday 13th November, 5pm til 9pm

**Christmas Party Evening**: Wednesday 4th December, 5pm til 9pm

More details will be announced soon, but for now make sure those dates are in your diary.

## ART EXHIBITIONS

The art@cedarfarm gallery will be home to a wonderful exhibition of watercolours by Claire Winteringham, starting on 12th October. Claire's work portrays beautiful landscapes, interesting plants, delicate flowers and the beauty of nature.

Claire's watercolour paintings have been exhibited in galleries in the UK and abroad, with some pieces selected by The Royal Watercolour Society, The Royal Institute of Painters in Watercolour and The Sunday Times Watercolour Open Exhibition.

Claire has also been commissioned to create pieces for Sir Richard and Lady Branson, Birmingham City Museum and Art Gallery, The Birmingham Repertory Theatre and 3i Business Centre in Solihull.

Her work is in high demand, but we're very grateful that Claire is able to take some time out from her busy schedule to visit Cedar Farm on Saturday 12th October and Sunday 13th October, between 10am and 12 noon, and chat about her paintings.

Carnes Fine Art is delighted to be showcasing a number of equine inspired Original Lithographs by Lancashire based Artist and Sculptor, Sandie Henderson. Brad has a limited number of these lithographs for sale and currently on display in the gallery, some are unique one-off pieces and others are in very small editions.

Working from her home studio, Sandie produces each lithograph individually using the traditional method of hand drawing onto a zinc plate or stone. She then processes the image to make it receptive to ink before printing on a manual Victorian flatbed press.

In 2007, two of Sandie's equine related lithographs were selected for the "Stone.Plate.Grease.Water International Contemporary Lithography Exhibition", a major show that opened at the Museum of Modern Art for Wales before touring to London's Bankside Gallery and the Naughton Gallery at Queen's University, Belfast.

A lithograph from Sandie's "Equine Anatomy" series was selected for the "Royal Academy Summer Exhibition" in 2013, and a further two lithographs from this series are held in The Aberystwyth University of Wales Collection.
